MEMORANDUM FOR: DR [REDACTED]

25X1D SUBJECT : [REDACTED]

25X1A

25X1A

1. The attached papers forwarded by [REDACTED] regarding your presentation to [REDACTED] have been reviewed by our staff. The abstract does not contain information representing a security consideration of this office. We feel that the "word-by-word" paper to be prepared should also be reviewed prior to your presentation since it is more likely to contain Division-type information gathered from the test program.

25X1A

2. The information required by [REDACTED] regarding the S-Band Reflection Patterns has been requested from [REDACTED] and will be forwarded as soon as possible.

25X1A

3. My appologies for the delay in returning these papers. I was not in the office last week to properly "bird dog" this review.
